The "Wallace Library"—City Accepts Request and Provision Made For Conducting Permanent Library—Other Matters.

The July meeting of the City Council was held Thursday night. Present: President, Mayor Wallace; Councilmen, H. B. Lane, J. P. Rowe, E. W. Miller, J. W. Garner, Henry Dannel, J. W. Masters, Henry Ward, S. W. Somerville, City Attorney, George W. Pittsburg.

The minutes of last meeting were read by Clerk S. E. Eastburn.

Quite a number of spectators were present.

Col. Cole called Vice-President Dannel to the chair and presented a communication from Mayor Wallace, stating that police officers had performed their duties, and salaries were ordered. Col. Cole reported that by direction of Messrs. Eastburn and Lane, a majority of the Finance Committee, the \$1,000 set aside for the public library building had been placed in the Farmers and Merchants Bank of this city at 3 per cent. interest to be called for when needed.

Col. Cole called Vice-President Dannel to the chair and presented a communication from Mayor Wallace, stating that police officers had performed their duties, and salaries were ordered. Col. Cole reported that by direction of Messrs. Eastburn and Lane, a majority of the Finance Committee, the \$1,000 set aside for the public library building had been placed in the Farmers and Merchants Bank of this city at 3 per cent. interest to be called for when needed.

Mr. Dannel, of Public Property Committee, reported the house and lot of Fremont bridge could be leased in its present condition to T. D. Pitts and George Hubbard for three years at \$5 per month, and presented the form of contract. On motion of Mr. Mills it was referred to the Public Property Committee with power to act. Mr. Dannel reported that the committee had decided to defer for a time a report on improving City Hall building.

Mr. Mills, of Street Committee, reported the joint committee had examined property of Washington avenue, on which claims for damages had been made, and recommended the payment of the following amounts to the owners: Mrs. P. A. Jones, \$275; E. Jacobs, \$25; E. G. Hollis, \$50. The report stated that in the opinion of the committee the improvements more than offset damage done to present any litigation. The report further recommended grading with curbing, gutter and granite sidewalk on the north side of Lewis street, from Washington avenue to Winchester avenue, and Mr. C. B. Howard will adjust the Kenmore property at his own expense to suit improvements and will in addition pay for the grade of the cost of the granite sidewalk laid by the city, from Washington avenue, fronting Kenmore. The committee also reported that they had statements prepared showing the cost of the granite sidewalk on Washington avenue, of which it is to be paid by property owners and collected by the City Collector, as follows: Mrs. P. A. Jones, \$15.12; E. Jacobs, \$15.12; E. G. Hollis, \$14.40; J. P. Rowe, \$28.42; J. M. Goldsmith, \$14.67; A. P. Rowe, \$12.78; H. C. B. B. Williams, \$16.70; P. V. D. Conway, \$22.46; E. K. Stokes, \$13.10; C. R. Howard, \$19.02; total, \$254.21. The report was adopted. Mr. Dannel moved a resolution authorizing the payment of the sums named for damages, if accepted by the property owners.

Mr. Mills stated that a contour map had not been ordered, as he had ascertained there was such a map in existence, which, however, he had not been able to locate up to that time.

Mr. Lane, of the Water Committee, stated that the necessary draining to the marsh along the canal, referred to at last meeting, had been made.

Mr. Dannel, of Ordinance Committee, reported an ordinance permitting the installing electric signs, which may extend over the sidewalk more than three feet, and to be nine feet above side walk on motion of Mr. Somerville rules suspended and ordinance adopted. Mr. Dannel offered an ordinance in reference to automobiles, which adopts as the law of this city the act of the general assembly which regulates the running of vehicles for registering, and gives uniform rules for use and speed, prescribing penalties for violations. The law is on page 525. Acts of Assembly, 1906, chapter 10. Mr. Rowe rules suspended and ordinance adopted.

Mr. Garner offered resolution for the opening of Mary Washington Avenue extended from Commerce street to Colonial Boulevard. Action deferred for thirty days.

Col. Cole offered resolution in reference to several provisions of the law, to wit: 5 per cent for prompt payment and a penalty of 5 per cent for non-payment when due, together with certain regulations, referred to Ordinance Committee. Col. Cole also offered an ordinance fixing a fine and imprisonment for the sale of liquors to a minor. Also providing that no liquor shall be sold between midnight Saturday night and midnight Monday morning; penalty, fine and imprisonment, further providing that all bar-rooms and saloons close at 10 o'clock every night except Saturday night and open not earlier than 6 o'clock on the following day for violation. Referred to Ordinance Committee.

Col. Cole presented a communication from the secretary of the late C. W. Wallace, addressed to Mayor Wallace, in reference to the request to the city of \$15,000 for establishment of a public library. Col. Cole offered resolutions providing that the city establish and maintain a public library to be known as the "Wallace Library" according to the terms of the bequest of the late C. W. Wallace and that the city, under the conditions named in the will; call upon the mayor to appoint, with the approval of the Council, a board of nine directors to be known as the Board of Directors of the Wallace Library, and shall execute the terms of the bequest and perform the duties devolving on them as said Board of Directors, chairman of Finance Committee, and City Superintendent of Schools to be two of the members. The executors were authorized to pay over the fund to the treasurer of the city, the city attorney to draw a proper paper binding the city to comply with the requirements of the will. Mr. Wallace desired that action be deferred to ascertain cost of maintaining the library, but the resolution was passed. Mr. Wallace's will was read and a section of the resolution was as follows:

Coupled with the foregoing action of the Council in accepting with much gratitude the bequest of the late C. W. Wallace, the City of Fredericksburg, in honor of the late C. W. Wallace, for the establishment of a public library for the city, the Council desires to express and make permanent record of its profound appreciation of the generosity of the donor, of the incalculable blessing of the gift to all of our citizens, both in the present and in the future of the city.

Mr. Mills, of Public Property Committee, reported that at the request of his committee the Supervising Architect at Washington had agreed to withhold plans for the Public Building for the present, as the city will be unable to pay for additional appropriation before next Congress.

Mr. Somerville, of Schools, asked that the provisions of the existing law between the city and College for the year 1907, \$150 be paid by the city, be renewed. Col. Cole stated that he desired information before voting on the question. He said he understood that the number of scholars had not been furnished during the last session and that he was informed that only three or four could be supplied from the high grade of the Public Schools for next session. He also understood that the College is now private property, and called upon Mr. Pittsburg, City Attorney, to state if it was legal for the Council to make this appropriation under these circumstances. Mr. Pittsburg reported that the College was now private property, and called upon Mr. Pittsburg, City Attorney, to state if it was legal for the Council to make this appropriation under these circumstances. Mr. Pittsburg reported that the College was now private property, and called upon Mr. Pittsburg, City Attorney, to state if it was legal for the Council to make this appropriation under these circumstances.

LETTER FROM SUPERVISOR MADDOX

Partlow, Va., July 16th, 1907.

To The Free Press.

I want to correct one or two errors made by Mr. Thos. H. Harris in his letter reporting the proceedings of the Board of Supervisors held at the Court House on July 1st, 1907. First, it was not a "special meeting" as he called it, but a regular one. Second, Dr. Massoy did not move to defer the matter until the next meeting; I made the motion, which was promptly seconded by Mr. Water. I think the vote in favor of the motion was unanimous.

I don't remember hearing Dr. Massoy say "during the session" that when he was in the Legislature that he would have the right kind of road law passed, but I did hear him say what he would have done in the matter had he been in the last Legislature.

As for my saying Mr. Harris understood that I represent Berkeley District on that board, and that I expect to carry out the wishes of the taxpayers of my district, regardless of the opinion of others.
